CIRCULAR

Subject: Activation of official email account- reg.

Kind attention to users whose email accounts have not been migrated to the new platform.

All users are requested to kindly verify whether their official email account (@imd.gov.in) is active and accessible.

NIC is migrating the remaining email accounts to the new email platform in the final phase on 15 October 2025. Only active official email accounts will be automatically migrated to the new cloud-based Zoho email system.

Following this final phase of migration, the old email platform will be discontinued and will no longer be accessible.

It has been observed that many employees can access e-office, e-hrms, etc, but their email account is not active.

Please check the accessibility of your email account separately.

If your email account is **inactive**, it will **not be migrated**, and you may lose access to other e-governance services.

Ensure your email is active to avoid any disruptions.

Kindly contact nic150.email@gmail.com, emailadmin-imd@nic.in, for any issues
